By Peter M. Herold.

Meet me at Rock Springs park Wednesday, August 3.
A hickory tree is the only waiting station at stop 10.
Miss Agnes Thompson of Toledo is visiting relatives here.
Wheat in this locality will soon be ready for the reaper.
Let it not be forgotten that there was a ball game here Saturday.
A. L. Taylor, wife and son Lorne spent Sunday in East Liverpool.
Wm. Snyder and wife of Salem were here with relatives on Sunday.
F. L. Stouffer has sown a field in ensilage corn south of the ball park.
Millville mine did not work on Monday on account of a heavy fall of slate in the entry.
Two air ships brilliantly lighted passed over this village about 10 o'clock Sunday night.
Earl Klingensmith has sold 120 bushels of strawberries from a fraction over half an acre.
The Leetonia band and merchants will give their 6th annual outing to Silver Lake park on Tuesday, July 19.
The great newspaper sensation here last Saturday was over the lynching of an anti-saloon detective at Newark.

Elmer Wendle and wife of Salem and Mrs. A. V. Avery of Leetonia spent Sunday at the home of Geo. Summer-ville and wife.

A relative of the Candler family was drowned in the newly built dam at the Cherry Valley works Sunday afternoon when bathing.

The falls are being taken out of J. D. Smith's old mine and placed in the new. The machinery is in working order ready for the fall and winter trade.

More than the usual number of automobiles were in town Sunday. We thought of getting one at first, but now that they are so common, we may invest in an air car.

Among the Columbiana county school contestants at the Ceramic theater in East Liverpool this evening are Misses Amy Stouffer and Iva Rogers of Leetonia, class of 1910.

J. M. Poplin of Bergholt, sub-district president of this mining district, has resigned on account of ill health, and John Saxon of Salineville has been selected to fill the place.

Mrs. Herbert Smedley and daughter Ruth spent Monday with friends at Calla.

We are now in the throes of dog days and sigh "for a lodge in some vast wilderness, some contiguity of shade," where we will not be interrupted with the old chestnut "Is it hot enough for you?"

Miss Linda L. Snyder of Columbiana has accepted the position of assistant principal of the Leetonia High school at a salary of \$75 a month. Miss Snyder has been principal of the Columbiana school and is a teacher in English.

Thomas McIntosh had his left hand badly mangled by coming in contact with the bull-wheel in the Peerless mine Friday forenoon. Dr. Kennedy dressed the wound and thinks it will be several days before he can work even under favorable circumstances.

The first electric mining machine was started Monday in Fairview mine with James Ready in charge. Many improvements have been made about this "old reliable" plant during the past few months and the outlook is rather encouraging.

Monday morning when taking his cows and horses into the barn to feed, Elmer Warner was kicked in the groin by one of the young horses, which laid him up for a time. Having hernia made the kick all the more severe for Mr. Warner.

Council met in regular session Thursday night and distributed the village money in the various funds as provided for by law. Ed. Rolier sent word that he will neither rent nor sell any land for a town garbage dump; and as the indications are that nobody will sell unless they have to, it is now up to the council to select a good locality and appropriate the land as provided for under the health section of the Ohio statutes.

This is the sickly season of the year and this must be done promptly or else the state authorities will take some action at the expense of the village treasury. We may be asleep but the state is wide awake.

The board of education met Friday night and appointed J. L. Gray of Franklin Square as superintendent, and Miss Rheta Gilbert as teacher of room No. 4, with the privilege of exchanging rooms with Miss Carrie P. Woods. With a new superintendent and principal teacher we must expect a difference in the management of school affairs for the first term at least, and parents should withhold any expression of opinion and do all in their power to aid the teachers and make their work as light and agreeable as possible. The good old practice of parents visiting the schools should not be abandoned, but rather increase the number of visits.

Children's day exercises were held in the Methodist church Sunday night, and despite the warm weather there was a good attendance. The collection was for educational purposes and amounted to \$4.26. Miss Lillian Woods presided. Following was the program:

Our large fire extinguisher has not been used since it was bought, and it is to be hoped that it will never be needed, yet it ought to be tried to see whether it will work and also to learn how to use it. It will be too late to learn when fire is raging.

The Leetonia ball team, composed of Arnold, J. F. Longshore, 35; Holland, 25; Hoffman, 21; Barr, 20; Clenden, 18; Kleingicht, 17; Blattman, 16; Fenstermaker, 15; came here Saturday afternoon and at 4 o'clock pulled off a 3 to 19 "practice game" upon the local diamond. The game was umpired by Tellow and Barr. Louis Atkinson, pitcher for the Washingtonville team was sick and unable to play; so that five of our team were put in the box to practice: Germany, Daniels, Woods, Will and Ray Stouffer. The only practice our boys get is when some outside team comes and lines us up. Manager Dunn expected a pitcher here from Salem on the 3:22 car, but he failed to arrive and we did the best we could, with Carl Welkart's hand in bad condition for catching. Leetonia was well represented with rooters who were satisfied with their score and they may play another game before the season closes. When the foot ball season opens we will be ready to warm their jackets and hand them a goose egg or a lemon.

July 13.—A large concourse of people assembled to hear the address given last Sunday evening by W. S. Anderson of Youngstown. The meeting was opened by an organ voluntary by F. B. Jones, sung by the choir and prayer by J. B. Reel, after which Mr. Anderson was introduced. In opening pleasant remarks were made by him on meeting his neighbors on such an occasion. His principal line of thought was to warn men hastening on to a certain death to "stop and think," acknowledge the Messiah and live a Christian life to gain that reward after death promised by the lowly Nazarine. He also referred to that grand sermon on the Mount and gave many fine illustrations throughout his address. It is but just to say his effort was well received. There was a pleasing solo and duet by Miss Ruby Russell and F. B.
